Section C: Project Details

18. Project Title

19. Summary of the challenge, opportunity, problem, issue, or question that you intend to investigate in your SoTL project (maximum 150 words).

20. Brief background to your proposed project, including any grounding literature and your familiarity with the topic (maximum of 500 words; 3500 characters).

21. If your project will include collection of student data, who will be teaching the associated course(s)? Select all that apply.

- I or a member of my team will be teaching the course associated with my project
- A colleague will be teaching the course, and has granted approval for me to conduct this project connected to their course.
- Data associated with this project is not student data or is not associated with a course.

If data is not associated with students or a course, please provide additional details.

22. The New SoTL Scholars Program is intended to support faculty in their SoTL work including design, data collection, analysis, and early dissemination. The Program is structured for data collection to occur during the Fall 2024 semester.

I confirm that data associated with my project can be collected during the Fall 2024 semester.

Yes

No

23. Knowledge Mobilization/Sharing Plan for External Audiences after May 2025

Please upload your file here (maximum 250 words) in one of the following formats: PDF, DOC, or DOCX (File size limit is 16MB).
